EXTEND PARKING ZONE

New Ordinance Sets Forty-five Minute Limit For Larger Area

As a result of a long-time drive by the merchants of Daly City to improve parking facilities in front of their places of business, the city council passed an ordinance, Monday, extending the 45-minute parking zone.

According to the new ordinance, which supercedes old parking ordinance 152, it will be unlawful to park longer than 45 minutes between 8 a. m. and 6 p. m. on the east side of Mission street between Wellington and Hillside, the west side of Mission between Bepler and Knowles, on Hillcrest between Mission and Mission circle, and on Wellington between Mission and Irvington. This ordinance will be in effect on all days but Sundays and holidays.

Further business included instructions to City Attorney Rudolph A. Rapsey to draft an ordinance giving the newly-formed Disaster and Preparedness committee certain powers it would need in an emergency.

A resolution was passed to improve Rhine street and Bepler streets. Bepler will be extended two blocks. Garibaldi will also be extended about 120 feet, the action necessitating the removal of a house in the way.

From the floor attention of the council was called to lack of playing space for children in Daly City. It was said that children are not allowed to play in the park, or in the school grounds after 3:30 p. m., obliging them to play in the streets. Councilman Edmund Cavagnaro said he would look into the matter.

This Is A Success Story About Pumps

"Back in 1919, Daly City, California, was buying water at the cost of $1500 per month."

This is the opening sentence of a dramatic success story told this month in the pages of "Western City," official publication of the league of California cities.

A full page picture and story combined vividly portrays the rise of Daly City's municipal water department in only a few short years. Daly City's capacity has increased from 200 g. p. m. to 1150 g. p. m. and the water department's income from $2200 to $9000 per month.

"This plant pays the salaries of all city officials!" says the caption. Printed below in black type are the words, "Daly City Shows the Way to a Profitable Water System."

In 1919 Daly City put in two wells and installed double acting plunger pumps. The modernize-

Mocking Bird-Dog?

Residents of Visalia, Calif., were interested in what seemed to be the barking of a small dog night after night, although the dog itself was never seen. Investigation developed that in reality it was a mocking bird that apparently had its inspiration for a new vocal routine from a small dog in the neighborhood.

Classes

Entertainment

Say—boys and girls, you'd better start saving up your money, because there is a rumor around school that another dance is coming up pretty soon. After investigating the rumor further, I found out that a tentative date has been set for April 25.

As you all know, every term a carnival dance is held. From the looks of the preparations going on behind locked doors this carnival dance, which is the fifth, is going to be bigger and better than ever.

RADIO PROGRAM

Jefferson's honor and dignity was upheld to the last. The students came home with a tie against Roosevelt high, last Saturday. As you know, eight students were sent across the bay to battle their wits against the Roosevelt students.. Both teams came out with a perfect score.

COMMERCIAL CLASS

Students in the various commercial classes are planning to enter the National Commercial contest to be held during the week of March 31.

Entrants in all four divisions—typing, shorthand, bookkeeping, and general business practice, will compete for honors.

The state contest will take place approximately one month later.

Public Speaking

Last Tuesday afternoon, four members of Sigfred Hansen's public speaking class performed for the Colma PTA. "Student Welfare" was the topic of discussion.

George Wallace acted as master of ceremonies, and gave a short, interesting talk on the benefits of PTA and NYA.

Ane Mjehovich discussed outside activities, and the opportunities afforded the students.

Mary Heywood spoke on the topic of student government. She explained in full detail the nomination and election of officers.

Final speaker was Bob Lee, who gave a talk on vocational guidance.

AWARDS

At last Friday's assembly, Coach Albert Biggs presented the awards to the 130's and varsity basketball teams.

Block J's were given to C. Razzari, Parker, Callan, George and McHugh in the 130 division. Also in the 130's were John Domecus and Huerta who received stars.

Varsity players all received stars as they had already won their blocks in previous games. Those receiving stars were: J. Razzari, Poddig, Briseno, Rupert, Caccipaglia, Dyer and Faulk.

Music

Say! Have you been noticing all the noises coming from the auditorium during the eighth period? Well, I have, and being naturally nosey I held a little investigation.

You can quiet your nerves, there's nothing to worry about. It's only the chorus group practicing for the Preventorium program this evening.

When talking to Oscar Busch, he informed me that the chorus was in A-1 condition, and that they will warble the following numbers:

First number to be contributed by the chorus will be "My Hero" from the Chocolate Soldier. Singing a special arrangement of the song will be Louise Baciocco, soprano; Mary Seu Denton, alto; Lawrence Caserza, tenor; and James Metteucci, bass.

Their last two numbers will include, "Little Gray Home in the West" by Lohr, and "Song of Love" from Blossom Time, by Schubert.

"Ballet Egyptian," by Luigini, and "Audentino" by Leniare, are the numbers to be offered by the band.

"Castilla" by Holmes will be played by a brass sextet. Those participating will include: Tom Beeson, first cornet; Bob Seiler, second cornet; Harvey Melicker, French horn; James Parker, baritone; Oscar Busch, trombone; and Ed Hendricksen, bass.

The "amateur hour" originally scheduled for tomorrow's assembly, has been temporarily postponed. Finalists from February 27 will be held over until the next program.

BOWLING

is the only girls team entered in the league.

On Thursday the Jew Town boys took Mission Bell Chateau to the tune of 2½ out of 3 games. Friday the Independents chalked up the only perfect score of the week via the route of forfeit. The Independents were scheduled to meet the Dilly-Dally boys who withdrew from the tournament at the last minute.

Because the Dilly-Dallies dropped out, each of the remaining eleven teams will draw one bye during the eleven week series.

With a 266 Elmer Kennedy holds honors for the high individual game score for the first week of play. Local fans agree that this is going to set a mark for individual players to roll for during the entire series.

Donahue Describes Long-Wheelbase De Soto Models

Two long-wheelbase De Sotos--one a seven-passenger sedan, the other a limousine—have just been announced by James E. Donahue, Daly City De Soto-Plymouth dealer.

Although the company calls the cars "seven-passenger" models, they in reality can comfortably accommodate nine people, including the driver. The folding auxiliary seats are so wide and so perfectly and closely joined that three can ride on them without crowding, says Donahue.

"The new models have a weelbase of 139½ inches and an overall length of 225¾ inches," Donahue added. "The seven-passenger sedan is being produced in both De Soto's De Luxe and Custom series, while the limousine is a Custom model.

"Powering both models is a special De Soto engine of 110 horsepower. Fluid Drive with simplimatic transmission is available at slight extra cost in both the seven-passenger sedan and the limousine," Donahue concluded.

CUB PACK 141 HAS PART IN SCOUT-O-RAMA

Cub Pack 141 of Daly City will participate in the annual Scout-o-rama, April 25, at the San Francisco Civic auditorium. The boys are to present "Animal Antics," the same stunt they didn't have a chance to give last year.

This is according to plans devised at the club leaders round table meeting, last week, in San Francisco. The round table was presided over by Mathew Bailey, cubbing commissioner. Joseph Straughan, 141's cubmaster, attended.

"Animal Antics" is a pantomime in which the boys are costumed as different animals.

The theme of the Scout-o-rama this year will be "America's Answer." Daly City boy scout troops will participate in the show, but details of their activities are not yet available.

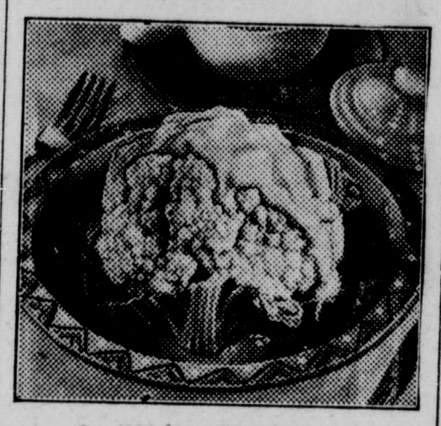
How to coax a man to eat VEGETABLES

by Dorothy Greig

WE strive with might and main to train Johnny to eat his vegetables. But how about Johnny's father? Does he pursue an unregenerate meat-and-potato way? Is he getting enough fruits and vegetables to keep him full of pep? Maybe a little missionary work is in order for him, too.

Men demand flavor, first, last and all the time. Presented with vegetables that look appetizing and taste the same way, they will eat and enjoy them.

Vegetables don't lack flavor. But a little persuasion is needed to bring it to perfection.



Cauliflower Topped with Celery-Cheese Sauce

For instance, in cooking most vegetables, be sparing of water. Cook until tender and not one minute longer. Serve while fresh and hot.

And season! Try a sprinkling of nutmeg on carrots, for example, or onion butter over beets. In the vegetable dish marry strips of white turnip and green peas with melted butter and a dash of paprika over all. Serve lemon wedges to squeeze over chopped spinach.

Or step up flavor via a sauce. Here is one, smooth with a cheese tang which does wonders for cauliflower . . . and is equally persuasive over carrots, onions or potatoes.

Cauliflower with Celery-Cheese Sauce

1 (2 lbs.) head cauliflower

Remove leaves and stalk from cauliflower. Soak for about 20 minutes, head down in cold salt water (1 teaspoon to 1 quart water). Cook, uncovered, in boiling salted water 8-20 minutes, or until just tender. Break off the flowerets of cauliflower and serve mixed with the sauce or serve the sauce over the entire cooked head of cauliflower. Sprinkle with chopped parsley, if desired.

Celery-Cheese Sauce

1 can condensed celery soup
½ cup milk
2 ozs. pimiento cheese

Combine the milk with condensed celery soup and add the pimiento cheese. Heat until the cheese is melted. Serve over the flowerets of cauliflower or over the entire head. Serves 6.

Honor Mrs. Lettrere At Baby Shower

Mrs. C. Lettrere was the honored guest at a surprise baby shower, Saturday evening, at the home of her mother-in-law, Mrs. Rose Conti, 28 Knowles avenue.

Approximately 50 guests were ushered into the prettily decorated social hall, where storks and cradles carried out the theme. Pink, blue and white were the colors used. Many lovely gifts were presented to the guest of honor. After the opening of the presents, refreshments were served.

Mr. and Mrs. Lettrere reside at 56 Knowles avenue.

Couples Married At Double Wedding Ceremony

Cupid scored a double triumph as two sisters were united in marriage, Friday evening, at the home of their parents, Mr. and Mrs. Orville Chapin, 243 Citrus. The occasion called for a triple celebration, as it also marked 24 years of happy marriage for the Chapins.

Their two daughters, Eleanor and Olive, are well-known to the younger circle in Daly City. Both were graduated from Jefferson Union high school.

In the softly lighted living room, Reverend R. A. Willis officiated at the double ring ceremony. Eleanor, dressed in a beautiful blue dress, exchanged rings with Normand Allord, 329 Peoria, while her sister Olive, in a pale green suit, exchanged rings with her new husband, Harmon Sattorlee, San Bruno.

Acting as attendants at the double ceremony were: Miss Kate Sattorlee, Phinas Sattorlee, Mrs. John DeMartini and Clifton Allard.

After the ceremony fifty guests and relatives thronged to the dining room where a huge wedding cake rested in the center of a table decorated with a bride and groom.

The Allards intend to make their home at 329 Peoria street.

The Sattorlees are now at home to friends in their new home at 357 Westlake avenue.

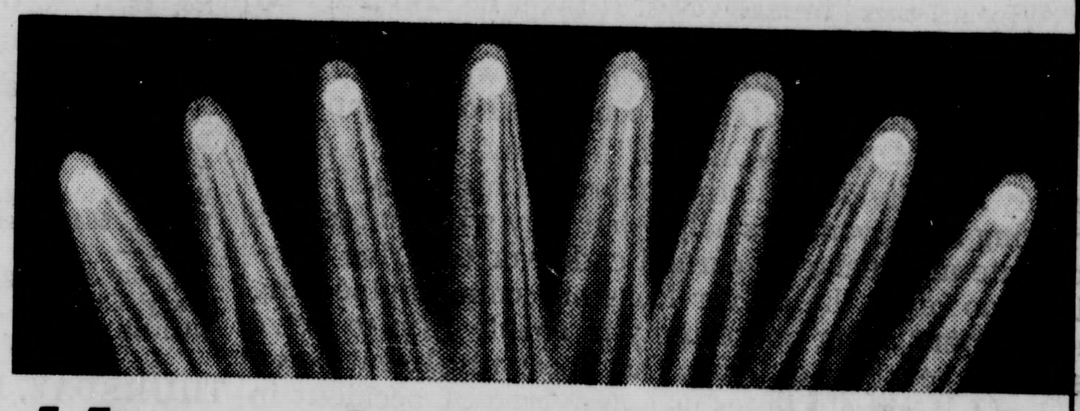
Eight Balls of Fire

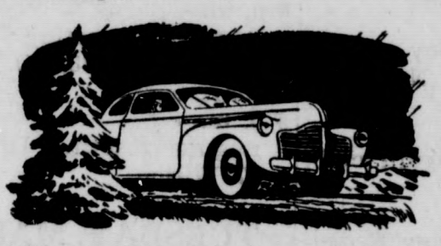


IF you like fireworks, and who doesn't, it's really too bad you can't see what goes on inside that sparkling big Buick FIREBALL eight that romps you so easily down the broad highway.

There you'd see eight busy cylinders, with pistons flashing up and down...

You'd see *each* fuel charge packed tight into a tiny bundle shaped like a flattened ball...

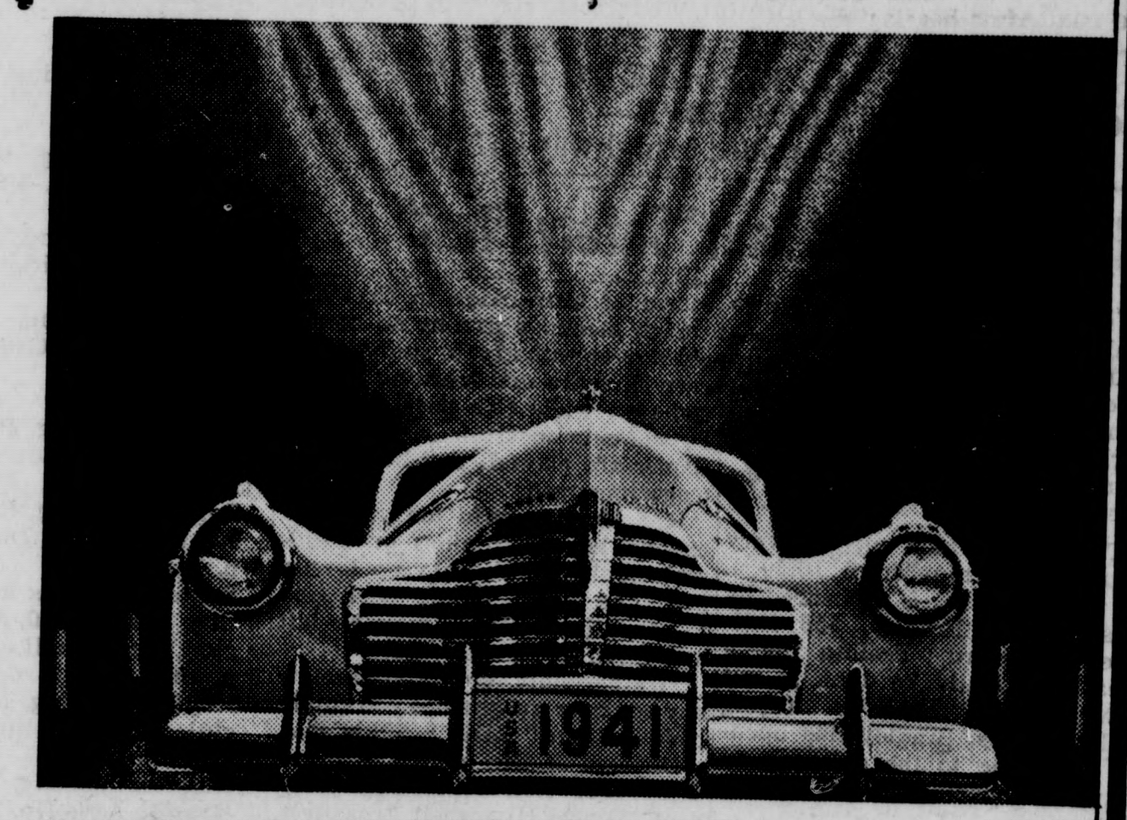
You'd see the spark leap, the flame spread, the piston thrust down with extra force as each furious fireball lets go its pent-up wallop.



You'd see all this happening as fast as *thirty times a second* in *each* of those eight cylinders—and we think you'd understand then just *why* there's such a special and exciting satisfaction in the way a Buick travels.

Gasoline gives up more of its power when it's packed as tightly as it is here.

and how they can travel!



That special, flattened-ball shape of the compressed fuel charge means smoother, better burning, full focus of the power on the piston head, where it counts.

So when you've got these eight balls of fire working busily under the bonnet, you really *travel!*

You travel farther on every gallon; you travel more pleasurably.

You travel—but, shucks! Why listen to talk when there's a Buick dealer nearby waiting to *show* you how you travel behind a FIREBALL?

SUDDEN DEATH IN OUR COUNTRY

As we look around this war torn world of ours, the complacency with which we view sudden death is indeed disturbing. True, the reports from the various war prints fill us with horror, while the headlines featuring another airlane accident with several killed make us shudder. Yet, the terrible toll of accidents on our highways does not seem to interest, even vaguely, those who are so excited about forms of sudden death.

During 1940, over 34,000 died as a result of motor vehicle accidents. A much larger number were injured, while the material damage done ran into a very high figure. Despite improved highways, and despite all the work being done in the cause of traffic safety, the number who died in 1940 exceeds by 6 per cent the number who met a similar fate in 1939.

Why all this human waste? It takes its toll from all classes of society, and from all ages. Can we reduce it? Can we make our highways safer? If we can reduce traffic accidents, we will make countless homes happier.

You ask—"What can I do"—or say, "Oh, Yes, if we only had divided or other improved highways!" Engineering improvements help,—but only when motorists cooperate and make an earnest endeavor to drive carefully. Too often the driver looks on some engineering improvement as an opportunity to enable him to drive faster—to get there quicker. That doesn't help cut down accidents, it merely gives us a new type of accident in exchange for the hazard we eliminated.

The will to be safety minded, the desire to drive carefully and with a decent consideration for others on the road,—that, in our opinion, will go farther to produce a reduction of accidents than any other single factor.

SO, LET US ALL RESOLVE TO DRIVE AS WE WOULD HAVE OTHERS DRIVE—

The Golden Rule applied to highway safety.

Children Learn About "Safety First"

"Safety first" is a slogan which really means something to the youngsters who comprise the Hillside Children's Safety club. Organized in February, the neighborhood group now numbers fifteen boys and girls between the ages of 6 and 12.

The club, which meets every Saturday morning from 10:30 a. m. to 12:30 p. m., is sponsored by Mrs. Francis Bradley, 358 Hillside boulevard. Feeling that a great deal could be done to cut down traffic fatalities among children, Mrs. Bradley has opened her home to the children on Saturday mornings.

In addition to learning how to cross streets properly and to avoid traffic accidents, the youngsters are given an elementary course of instruction in first aid.

Club meetings are by no means given over entirely to study, however. The girls are learning to knit and sew, while the boys are busily working on their scrap books. Games are played, and books and magazines read.

Mrs. Bradley said today that if anyone had magazines or children's books which they no longer need, the group would be happy to have them. These may be left at 358 Hillside boulevard.

"We certainly would appreciate any books or magazines you might have to spare," Mrs. Bradley said.

Officers of the club are president, Lois Rentsche; vice-president, Diana Hummel; treasurer, Adrienne Allain; secretary, Amelia Capurro, and chief of police, Jacob Hummel.

smaller boys to five minute quarters with three minute intermissions. The longest quarters to be played by any of the group will take ten minutes.

The Jefferson Union high school gymnasium will accomodate two games at once. They will be played each Saturday morning from 9 a. m. to 12 noon. The teams will be divided according to the districts from which they come.

Later in the season the boys will change to soft ball, two basketball teams combining to make one soft ball team. There are also plans for a future Junior Olympics decathelon.

South African Racket

Cape Providence, South Africa, is preparing drastic action against the money-making racket of "jackal breeders," it is stated in Capetown. It has been discovered that in parts of the province professional hunters, who destroy jackals for bounties have been capturing only the cubs, allowing adult animals to escape, and thus providing for the next season's "crop." It is suspected that in certain districts there are secret jackal breeding establishments, the owners of which make big profits by constantly turning in very young jackals. Last year the record number of 36,000 were destroyed at the standard rate of $2.50 an animal. In some districts $3.75 is paid.

Post Office Incomes

Estimated revenues of the United States post office department for the last fiscal year amounted to $745,955,075.24, the largest in history. The total exceeded by $17,321,023.88 the previous banner year of 1938.

tion of this system began in 1928, with installation of two turbine pumps. These were followed a few years later by additional units to produce peak operation.

"Income from the sale of water, although at a very low rate, pays the salaries of all city officials and all costs of operation and depreciation at the present time," the account continues.

Daly City enjoys "an inexpensive, uncontaminated water supply, free of maintenance, and highly profitable," the story concludes.

In commenting upon the purchase of an additional unit for the system in February, A. J. Bodien, superintendent of the water department, today commended the city council for its progressive policy of expanding the water department's production capacity to keep in step with additional water demands of this growing community.

Robert Taylor Plays Flying Cadet In New Air Thriller At D. C. Theatre

Walter Pidgeon, Ruth Hussey and Robert Taylor team for the first time in "Flight Command," thrilling story of the U. S. Air Service, with Taylor starring as a flying cadet assigned to the famous "Hell Cats," who falls in love with his commander's wife. Paul Kelly, Shepperd Strudwick and Nat Pendleton are others in the cast of the new picture, opening tomorrow on the Daly City screen.

Spectacular thrills of the air come tomorrow to the Daly City theatre with Robert Taylor, Ruth Hussey and Walter Pidgeon in "Flight Command," smashing drama of naval aviation.

Taylor plays Alan Drake, Pensacola cadet assigned to the crack "Hell Cats" squadron. Amid thrills of battle practice and intimate details of life at an air base, he seeks to comfort the wife of his commander when her brother, his best friend, "cracks up." Members of the squadron, loyal to their commander and his wife as is Drake himself, misunderstand the situation and in his anger Drake resigns. After a sensational rescue during maneuvers, the misunderstanding is cleared and the squadron, reunited in loyalty, takes to the air.

Amid the dramatic episodes run thrills of bomb-diving, forced landings, battle practice, Taylor's close escape when his fighting plane tangles with an aerial target, and other peak moments of excitement in the air.

Frank Borzage, who directed "The Mortal Storm," and is himself an aviator, directed.

Pensacola and North Island are principal locales, and replicas of important locales there were authentically constructed. Noted flyers carried cameras aloft for the major thrills.

Companion feature on the new bill will be "Youth Must Be Served," with Jane Withers and Joe Brown jr.

Great Pocahontas Helen Saltzen of Pawnee council, Dixon, California, made her official visit to Matoaka council, Wednesday. Introduction of the honored guest was made by Past Great Pocahontas Tillie Cavagnaro.

The hall was decorated to represent a garden. In the manner of a walk through the garden, messages of "Love, Friendship and Kindness" were delivered by several past pocahontases. A degree team composed of present chiefs exemplified the adoption degree. Mrs. Joan Gisler, Station avenue, Daly City, was the candidate.

A number of great chiefs accompanied the great pocahontas. Thirteen councils of San Francisco, as well as Vallejo, Stockton, Dixon, and Alameda were represented. A talk was delivered by the great chief in which she complimented the officers and thanked those in charge of the evening.

Refreshments were served after the meeting.

According to Wenonah Mrs. Olive Hoover, 1040 Brunswick street, this was one of the most splendid meetings ever planned by Matoaka council.

DRAMA

Saroyan Play Opens Tomorrow

With Eddie Dowling and Julie Haydon co-featured, "The Time of your Life," William Saroyan's wild, mad, fantastic "comedie humaine," the like of which was never seen in the American theatre, will be the attraction at the Curran theatre, San Francisco, beginning tomorrow evening, March 13, with matinees Wednesday and Saturday.

This play, which enjoyed an all season success in New York last year, and ended by winning the Pulitzer prize and the annual award of the New York Drama Critics' circle, was produced by the Theatre Guild in association with Dowling.

One metropolitan reviewer declared the play to be "gay, mischievous and full of life—nutty and profound, poetic slapstick and sensible"—if you can believe such a paradox.

The scene of this amazing creation is a water-front saloon on the Embarcadero in San Francisco; the characters are the queer assortment of habitues and visitors that one would expect to find in such a joint, each one of whom is marked in action, word and appearance by the imprint of life as he or she has lived it. The impact of these oddly assorted men and women upon each other is replete with drama, humor, pathos and tragedy. Dowling plays a kindly, sympathetic, humorous, philosophical souse who correlates the characters and their problems.

To Hold Mission Services At Holy Angels Church

Father Casimir di Cristina, from Pasadena, will give a series of lectures at Holy Angels church, Colma, for one week beginning Sunday, announces Reverend James Sorasio. The speaker is well-known in Catholic circles as an orator of the Passionist order, and a linguist. He has preached in the mid-West, southern states and the Pacific Coast for the last ten years.

Born in San Francisco of Italian parents, Father Casimir di Cristina was educated at Holy Cross

and attended the Passionist seminaries in St. Louis and Chicago. After teaching Greek New Testament and sacred elocution, he was assigned to the missions.

The subjects of his lectures are as follows: Sunday, "Life's Grim Purpose;" Monday, "The Wages of Sin;" Tuesday, "Is God's Justice a Myth?"; Wednesday, "Is God a Tyrant?"; Thursday, "The Church and the Marriage Problem;" Friday, "Divine Love as Strong as Death;" Saturday, "Why Confess to a Priest;" Sunday, "The Price of Victory."

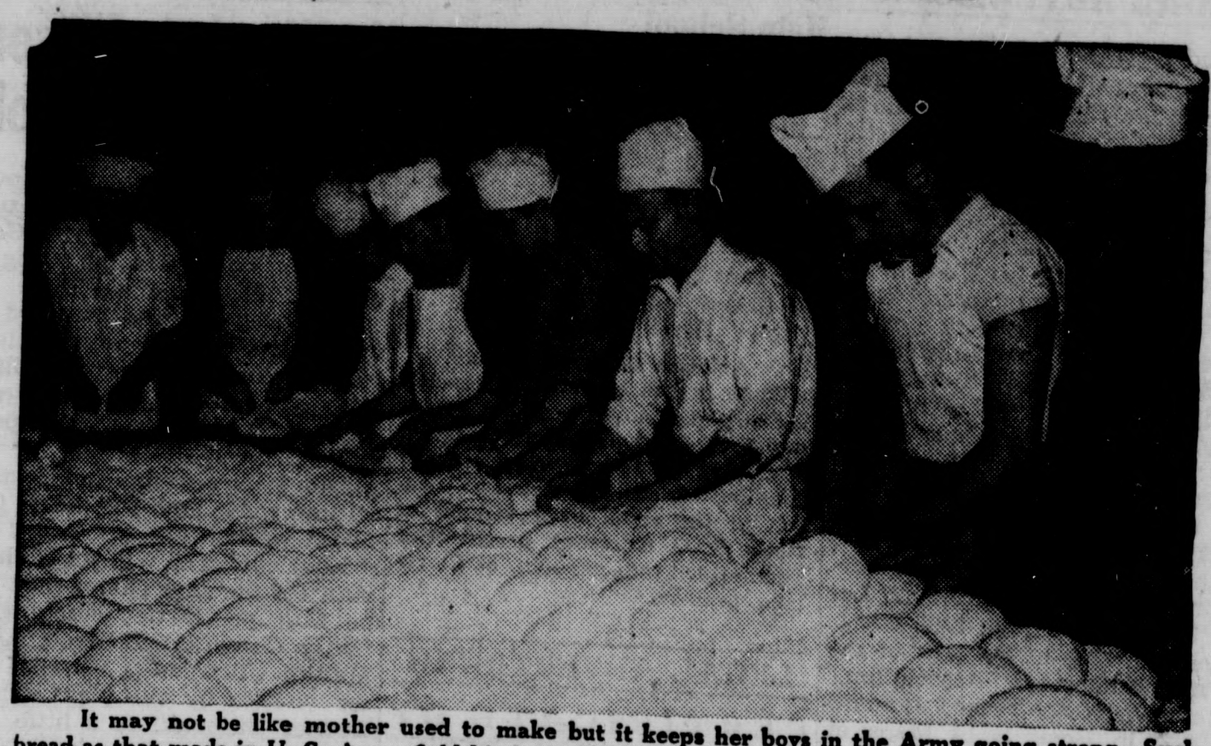
The order of the mission services will be mass at 7:30 a. m., followed by a short sermon; rosary at 7:30 p. m., followed by the lectures in English and benediction with congregational singing.

Every evening a "question box" period will be held. Catholics and non-Catholics alike are invited to attend these mission services, which close Sunday evening, March 23.

Puerto Rico's Climate

The average nighttime temperature of Puerto Rican mountain towns like Aibonito, Cidra, Isabela, Jayuya, Maricao and San German is 65 degrees.

"Doughboys" Roll Their Own



It may not be like mother used to make but it keeps her boys in the Army going strong. Such bread as that made in U. S. Army field kitchens, shown above, is one big reason why our military forces can well travel on their stomachs. Soldiers in the camps get plenty of this "staff of life" which after being baked lands on their plates in plentiful thick slices.

Have Any Garden Tools To Spare?

It's possible that you are one of those persons who look upon a garden tool as an object of loathing, calling up memories of hard labor in the hot sun. If you are, we must hasten to inform you that there are others of quite the opposite opinion. We refer, of course, to the local Boy Scout Group 141, who love garden tools.

The scouts and cubs are in the midst of their garden projects. The exigencies of this task have compelled them to issue a request to any generous person with extra garden tools that he leave them at the scoutmaster's house, 125 Los Banos avenue.

The scout group, now busy transplanting chard, strawberries, and parsley, has gardens of vegetables and flowers growing at 15 Los Banos avenue, 123 Vista Grande avenue, 183 Los Olivos avenue, and at Bodien park. By selling what they grow, the uniformed lads are earning their summer camp money. They are paid in thrift stamps.

The scouts engaged in this project are Elmer Raanes, Peter Ramer, and Thomas Tromborg; the cubs are Robert McCune, Harvey and Butler Ferrier, Robert Thompson, Robert Benassini, LeRoy Davis, and Lyle Pense. Joseph Straughan is in charge of the group.

The use of a greenhouse, to start the plants more difficult to grow, has been donated to the group by B. R. Cashon, 243 Miriam street.

At Crocker School

ROOM 1

Last Tuesday, a group in the high eighth grade reading class presented the play, "A Bearing on the Beacon," to the class.

ROOM 3

Lantern slides were used last week to acquaint the students of the high sixth grade with their social study unit on Ancient Egypt. The slides greatly enlarged their knowledge of civilization in Egypt, as it gave the pupils a more thorough picture of this foreign country.

ROOM 4

The pupils of room 4 were happy to welcome back Colleen Robin, last week. Colleen has returned to Crocker after having attended McKinley school in Redwood City for the past six months.

ROOM 5

High fifth and low sixth graders saw a motion picture film on "Wheat", last Monday. Methods and implements of the pioneer farmer and the gradual change to modern stages of farming proved both entertaining and instructive to the group.

ROOM 6

Last Thursday the children of the high seventh and low eighth grades listened to six of their classmates debate the question, "Should The Lend-Lease Bill Be Put Into Effect?"

Ina Mae Sadler, Robert Dunne and Franklin Hukari upheld the positive side, while Louis Valletta, Benny Greenough and Tommy Brant took the negative side.

After considering the points put forth by both groups the class voted the negative side as having presented the best arguments. Tommy Brandt was voted the best speaker.

At Jefferson School

EIGHTH GRADE

A number of students from the eighth grade gave a series of reports, last week, in connection with their social studies unit, "The United States Trades With The World".

Verna Moresco reported on the story of "Porcelain". "She chose this topic because the United States is one of the leading countries to import this fine ware", remarked the teacher.

Verna told how porcelain-making was one of the fine arts of China, which later spread to Europe. She also told the famous old Chinese legend of the well-known "Blue Willow" pattern dinnerware.

Upon conclusion of the speeches, an exhibition of showing rare pieces of porcelain, was held. Various members of the class brought the porcelain to show their classmates.

SIXTH GRADE

Last week, pupils in the sixth grade enjoyed individual reports given by children who took imaginary trips to Egypt.

Roberta Marable told all about her Suez Canal trip; Jack Chio and Angelo Craviotto compared Alexanderia and Cairo, while Isola Funai described the oases.

Robert Belli not only told the class about the pyramids—he showed fine illustrations of them, especially Cheops.

Thomas Tromberg and Peter Ratto compared the glorious period of ancient Egypt when its pyramids and temples were built and the stormy times under the rule of both Mamelukes and Turks.

FIFTH GRADE

The fifth grade children have solved the problem of enjoying themselves during the rainy seasons.

Many old games, including checkers, bingo and lotto, have been brought to school so the children can spend their recess times playing.

HANSON LOSES MATCH

After blazing through the first round of match play in the San Francisco city golf championship at the Harding Park course, Daly City's Einar Hanson lost a hard-fought second round match with defending champion Bill Higgins, 2 down before a large gallery.

Hanson had been playing sub-par golf for weeks previously, and in the first round had cut two under par in eliminating Roy Mort, former baseball star. It was practically conceded that he would defeat Higgins, Sunday, but the defending champion had the shots when he needed them and his three-over par game was good enough to win.

Hanson was one up at the turn but Higgins took the 11th, 13th and 16th. Hanson won the 14th, and the 18th was the crucial hole. After a 300 yard drive Hanson shot poorly three times in succession and lost the hole and the match.

Local golfers Frank Pellegrini and George Gnau fared not so well, dropping close decisions in the first round matches, Sunday of last week. Pellegrini, runner-up to county champion Jimmy Pease last year, bowed to Fred McLeod of Crystal Springs, 3-2.

Gnau lost to Tony Perry of Lake Chabot, 1 down. The Daly City man came back strongly during the second nine after dropping to four down on the trip out. Away in 39 he came back in 35, but fell one short of making up his disadvantage.

Three Local Teams To Enter Tourney

Three local bowling teams will participate in the San Mateo-Burlingame city bowling championships, starting Monday, March 24, at the Burlingame Bowl. Milo's Butchers, Universal Press, and Curry's Barbers are the Daly City stalwarts.

The four winners will compete against each other this week. Next week the winners of the interclass tournament will be announced.

BASEBALL

Winning a double bill Friday afternoon against the Balboa Pirates showed that Jefferson was going to be hard to beat this term. The boys are anticipating to place near the front in the league this semester.

New Badminton Tournament Begins

The flash of badminton rackets and the erratic arcs of the birds will continue to be in evidence at the Jefferson Union high school gymnasium as a new round robin badminton mixed doubles tournament will begin at 7:15 p. m., Friday.

Fifty-five men and women have signed up for the play. There will be 24 mixed double teams on the floor every Friday night. The great increase in the popularity of this sport is shown by comparing the six teams in the previous tournament and the 24 teams in the one coming up.

Moving pictures taken by Mr. Watso were shown last week of the players in action.

Badminton may now be played at the gymnasium three nights a week, Monday, Wednesday, and Friday, declares Albert Biggs, in charge of the gym.
